Lee and Sarah – I don't think we have met yet but I'm the new Director of OEX. Have either of you had a chance to review the documents in the FOIA request Wendy discusses below? My understanding is this is a court ordered production and it is due on October 10. If you want to discuss I'm at 564-1781.

Thanks,

Beth

Lee and Sarah -

Let me know if you have any questions on the FOIA production discussed in my email below. Our production deadline is next Tuesday (10/10), so we want to resolve any questions you may have this week. I am cc'ing Beth White, Director of OEX, as she

will coordinate with Ryan to let him know that the production is being sent out on 10/10.

If you have any questions, please call me at 202-564-1821.

Many thanks,

Wendy

Subject: FW: PEER PAG LAWSUIT - Draft Production Set for review

Good afternoon,

I understand that Erik Baptist reached out to you earlier this week about some FOIA requests that are currently the subject of litigation. I am writing to you about an upcoming document production in the case and seeking your assistance, as noted below.

As background, we are under a court order to produce documents responsive to the FOIA requests at issue in the litigation. Specifically, EPA is required by court order to review at least 1,000 pages of potentially responsive documents monthly and release any non-exempt portions to the plaintiff, Public Employees for Environmental Responsibility (PEER). We anticipate this production process continuing for at least the next eighteen months given the large volume of relevant documents to be reviewed. The FOIA requests at issue in the litigation seek information related to EPA's Draft Protective Action Guide (PAG) for Drinking Water after a Radiological Incident, and the updated PAGs for Radiation Protection Decisions following Accidental or Intentional Releases. The FOIA requests are attached for your consideration.

Please review the attached document (PAGS FOIA prod.), which is a PDF of documents proposed for release to PEER in response to the FOIA requests at issue in the litigation. We request that you complete your review of the documents by October 6, as our document productions are due on the 10th of each month. These records have been reviewed by OW staff and Susan Johnson (OGC), who is handling the litigation. I have cc'ed Susan on this email. Please let Susan know if you have any questions concerning the attached documents.

Please feel free to call me if you have any questions.

Wendy
